PROJECTS

Car Rental Application *(Capstone Project)*   **July 2024 – December 2024**
Laravel | MySQL | JavaScript | Tailwind CSS | Figma

- Led the frontend design and development using Tailwind CSS, creating interfaces for customers and administrators.
- Proposed and implemented Laravel for backend development with MySQL, enabling online booking and driver scheduling.
- Implemented features like payment tracking and booking management.

Pizza.co Restaurant Website   **December 2024 – Present**
Laravel | Tailwind CSS | Bootstrap | MySQL | JavaScript| Google API

- Built a mobile-first website using Laravel with CRUD for dynamic menu management.
- Integrated Google Maps API for location-based services.

LinkTechTalk Blog   **October 2024 – December 2024**
Laravel | JavaScript | Tailwind CSS | MySQL | Authentication APIs

- Developed a blog website using Laravel and Integrated Google and Facebook authentication.
- Implemented CRUD functionality for blog posts, allowing admins to manage content and users to comment, like, and share blogs.

Personal Portfolio   **September 2024**
React | Tailwind CSS | Bootstrap | JavaScript | HTML

- Developed a static, mobile-responsive portfolio using React, Tailwind CSS, CSS, and HTML to showcase projects and experience.

EDUCATION

Central Luzon State University   **August 2021 – Present**
